

## Vision

A lot of light for large work areas

## Description

Vision – ergonomic task light with an excellent light distribution and 800mm arm making it the ideal choice for larger work areas. Supplied with HF ballast to eliminate flicker. As with all Luxo spring balanced task lights Vision is easy to adjust and the head will always remain parallel to the work surface.

Standard version with table clamp. Table base is an accessory.

Colours: Black or white.

**Table base** The table base is an accessory that must be ordered separately.

---

## Technical description

---

### LIGHT SOURCE

Supplied with 1 x TC-DE 18 W.

### BALLAST

Electronic ballast (HF)

### BODY MATERIAL & COLOUR

Steel arm with plastic covers. Plastic shade. Colours: white, black, black/grey

### MOUNTING

Standard with table clamp (AH-clamp). Table base and integrated table mounts (TT table mount and TE bushing) are available on request.

### OPTICS

Asymmetric light output. Aluminium reflector.

### ARM TECHNOLOGY & MOVEMENT

Parallel, three-pivot arm. Arm length is 80 cm. Side-to-side and up-and-down head movement. NB! Allowing for upward head tilt creates more flexibility but may cause unwanted glare.

### SENSORS

A box with a presence detection feature may be mounted under the table top. TT table mount and sensor box is sold in combination.
